

CRAFTSMEN RECOMMENDATIONS

These craftsmen are not official recommendations from the Tara Civic Association but a list of **residents' recommendations** for services personnel and craftspeople in various categories. We can add or delete new categories or people as you send in the changes. *We cannot guarantee someone else's quality of work;* however, a recommendation does give us the peace of mind that someone was pleased at some point with this person's performance. The TCA does not assume any responsibility for any work contracted through use of these craftsmen. Any residents having issues with a craftsman on this list is encouraged to email the association, and that name will be removed.

The names and phone numbers listed in the first column are for the individuals providing the service. The name of the person recommending and any comments are in the second column. You may want to check with that person before you contact a craftsman. When you call a craftsman, please mention the person who recommended them.

BRICK & MASONRY

Carl Pierce

Phone: (225) 413-9988

Tara Resident @ 8443 Scarlett Dr.

Comments: In business for 35 years
